ART SHOW SAT JULY 7TH

This year's theme will appropriately be
"2001: A SPACE ODDITY"

As always, the theme is just a suggestion for inspiration, not a requirement for entry. Yet there is a separate award for best in theme.

THE END OF THE UNIVERSE

REVEL HORROR PICTURE SHOW

The Revel Horror Picture Show was a rousing success. We had two Frankenfurters who were brave enough to face the rest of us clad only in teddies and stockings. The only thing that they were both missing was fantastic shoes (Tom we will cut some slack he did after all have a broken foot). We had several Magenta's all of which looked FABULOUS, and Q's Brainsucker was a bit thin, but considering the members of Revelwood that was to be expected. Vicky led us in a foot stomping, hands on the hips, pelvic thrust (which she did entirely too well for one of her age) rendition of Time Warp. That girl knows how to work the crowd (being as beautiful as she is that is easily understood!) Our beloved Calidor showed up with his gorgeous wife Val, and her wonderful cousin. Calidor led the table top dances as the night wore on. Best costume went to "Eddie", who, after 18 yrs, shaved his beard for the part. Kudos to the General for being one with his character. Blatant nepotism was sited as the reason for the winner for the best use of fishnets: Regan Brunetti (award given by AK). Greer and Bridget were also high in the runnings. Nice gams ladies
See you at the Art Show. Mims

WANTED : WAR LORD

We're still searching for a War Lord to take care of various camp tasks and to insure the smooth running and safety of the camp. Including securing our land at land grab, seeing to the set-up of the common area, cleaning up the camping area before the tents go up, keeping the torches filled and lit, along with other highly necessary duties. Of course, he/she won't be alone; we all help, you'll be in charge.

Oh yea, did I mention there will be a budget provided by the RAG from the proceeds of last years H.I.S. CD.? So you can buy whatever we need: fuel, bottled water, shower supplies, pizza & beer...the essentials.

GUILDS NEEDED

So far, we have only two up and working guilds : the brewers guild and the actors guild. We need people interested in being individual guild leaders and members (writers, photo, sculpture..pick one). Contact the RAG for info or help.

DANCE GUILD

Bridget has agreed to teach any interested kids in Revelwood a dance routine to be performed at the Art Show. Contact Tarani ASAP. We have 3 people already.

ACTOR'S GUILD

As many now know, our play is a parody based on Star Wars but with a Revelwood twist.

All the parts have been cast, but we still need understudies and people to help with the props, background and costumes.

To all those who are already involved, our first rehearsal will be at Q and Tarani's on Sat. April 21st @ 1pm. If you can't make it, call Tarani ASAP. If you don't show up, well, we will have understudies who I'm sure would love to be moved to centerstage.

See you then.

GUILD ELECTIONS

One of the Mistresses may be stepping down and a replacement must be found. Do you think you can contribute ideas and organization to the coordinated chaos that is Revelwood? Nominations will be accepted until the R.U. At that time the candidates will be announced for your consideration. Two RWers have already come forward: Meer and Alexandra. Do I hear three?

STONE SOUP ST PATRICK'S DAY

The guys had a great time at all the gigs this holiday. We are working on our summer schedule now and will keep everyone informed when we book some new gigs. Thanks to everyone for your support.

ART SHOW SILENT AUCTION

Just as last year, we will be having a silent auction at the Art Show this year. Items up for bid will be located on a seperate table, each with a piece of paper for anyone to list a bid on that item. During the awards, we will announce the person with the highest bid to get their item. All procedes go to the R.A.G.

GREEN PAGES UPDATE

There have been several address changes in the last year, so despite our decision to not reprint the Green Pages this year, we are going to. The only catch is that we are printing up a limited number of them (since I still have SEVERAL of last years).

If you would like a copy, see a guild mistress at the Art Show. The going price is \$2.00. If you have any changes to submit, please do so no later than the RU.

Our condolences, thoughts and prayers go out to Val and Calidor and their family. Val's father passed away last month.

KIDZ GUILD

The time has come to expand the KIDZ GUILD. In the past, corralling a group of adult Revelwooders has proven a daunting task, so we have prepared a pack of border collies to herd the children and lead them towards artistic endeavors. We have artisans willing to teach classes including watercolors, music, photography, ceramics, basic wilderness skills, and much more. And thanks to Regan and Russ' generosity, we have funds to work with.

We know there are plenty of talented Revelkids out there just plotting to become members of the KIDZ GUILD. If you are tired of listening to boring White Cup tales about how they had to hike up hill, both ways, in the snow, just to get to the barn. Then get ready to tell longwinded tales of how you where there at the beginning and are a charter member of the Revelwood KIDZ GUILD.

If you are or know an interested child (anyone under 18), please call D @ (609) 268-3884 between 10am & 2 pm weekdays or fri & sat nights.

Check our RU line up for Kidz activites.
